

ArcticPRO® R134a REFRIGERANT HANDLING SYSTEMS

ACX2150 Refrigerant Machine

State-of-the-Art

Ergonomic design, 7" capacitive touch LCD display and intuitive user interface sets a new industry standard.

Status Indicator

Highly visible LED light indicates status.

Best In Class Serviceability

New ergonomic hinged service door simplifies unit service.

Automatic Updates

Permanent wireless software updates, ensuring you always have the latest features.

Oil System Management

Automatic weighing of recovered oil with on-board oil-injection allows accurate replenishment of oil removed during service.

UV Dye Injection

Integrated UV dye injection provides high level of A/C system leak detection.

Remote Tech Support

Allows MAHLE to connect to a unit over WiFi for troubleshooting and advanced support.

Data Management and Reporting

Ability to log and monitor services allowing analytics for proactive service reminders, refrigerant use optimization, warranty reporting and more.

Customer Service

Every unit is built to be easily repaired by the owner and we proudly offer nationwide service centers and lifetime phone support coverage.

Network Printing

Retains valuable service records, network printing capability to print services provided for customer.

Warranty - 1 Year Labor / 2 Years Parts
